

KILLARNEY SKATING CLUB

*A pair of skates is
all it takes!*

SKATING FUN FACT:

Figure skaters experience more than 300 revolutions per minute. The same an astronaut experience in centrifuge training.

A Special HOLIDAY Edition!

Happy Holidays to all our skaters and families. We wanted to take this opportunity to wish you and your loved ones a safe, healthy and happy holiday season. From all of us at the Killarney Skating Club - we wish you the very best this holiday season.

We have a couple of special announcements in this edition of the newsletter:

First - we would all like to wish coach Sarah the very best on her maternity leave! We will miss you coach Sarah, but wish her well in this new special adventure.

Second - we would like to announce that Coach Josh will be stepping in as Competitive and JEA director while Sarah is on maternity leave. Josh is an amazing asset to the club and we are so grateful for his ongoing work and commitment. Please feel free to direct inquiries regarding your skater to Coach Josh.

Christmas in Killarney

WOW - what an event! The club hosted Christmas in Killarney this past Saturday December 11th with special performances from skaters in CanSkate, JEA, Juniors and Seniors and even a special number from the coaches. We had a special visit from Santa handing out some candy canes on the ice at the Family Skate after the show. Thanks to all the skaters for your hard work and wonderful performances and a huge thank you to the coaches and volunteers who helped coordinate, organize, choreograph and support this event - we couldn't have done it without you! If you didn't make it to the event - check out the video [HERE!](#)
