## Coaches Corner

This issue of coaches corner will focus a bit on the coaches expectations for sessions - while we hope skaters are always having fun it is also important to be prepared and to be focused - here are a few guiding principles:

1. Give us at least 24hrs notice if you will be missing a session
2. Arrive on time for your session (including virtual classes)
3. Come prepared. (A form fitting outfit, hair pulled back and ready to skate)
4. Put as much effort into training as possible
5. Have fun
